

Environmental Policy

Central Earthmoving Company Pty Ltd trading as Centrals CEM (Centrals) is committed to the protection of the Environment

Centrals recognises the need to balance economic, environmental and social responsibilities when conducting its business activities and are committed to protecting the environment through effective environmental management of its activities, including activities associated with Centrals' Joint Venture arrangements.

Centrals adheres to the principles of ISO 14001:2015 Environmental Management Systems and believes in the process of continual improvement.

Centrals' management are committed to the implementation of effective environmental management practices and sustainable development and aim to minimise the adverse impacts Centrals' activities may have on the environment.

We are committed to:

- Complying with all applicable legislation, regulations, Australian Standards, other responsible industry requirements relevant to environmental management.
- Maintaining certification to ISO 14001:2015 Environmental Management Systems.
- Ensuring environmental aspects and lifecycle impacts are identified, assessed and appropriate controls are planned and implemented.
- Setting and reviewing environmental objectives and targets to assist in continuous improvement opportunities.
- Undertaking regular audits and inspections to ensure set environmental standards are being adhered to.
- Implementing training and awareness programs that promote environmental performance.
- The prevention of pollution and the protection of native flora and fauna.
- Avoiding the generation of significant nuisance noise levels, dust migration and hydrocarbon contamination.
- Endeavouring to reduce the use of resources and waste through innovative technology/ engineering options and recycling practices.
- Avoiding the disturbance of significant archaeological, natural or scientific sites.
- Working in partnership with our stakeholders, such as local communities, conservation groups and traditional owners.
- Ensuring that requirements for environmental management are communicated and clearly understood by all employees and contractors.

This policy applies to all Centrals' employees, contractors and visitors. It will be communicated to all employees and available in the Company intranet document library and to the public on the Company website.

Craig Patterson
Managing Director
